

Earn Triple Income In October!

Our Triple Income promotion from last month was so successful that we are continuing for the month of October!

Triple (3x) Matching Shares!

You are awarded Triple Matching Shares for new members joining [gibLink](#) for the first time. For the entire month of October if you enroll a new member we are going to award you triple the standard matching shares. For example, on the annual plan you would earn 36 shares (Triple the normal 12 shares!) then for November 2008 through September 2009 you would earn the standard 12 matching shares per month. This increases the income of all members who refer someone new during the month of October.

Triple (3x) Direct Revenue!

In addition to the Triple (3x) Matching Shares we are also going to provide **TRIPLE** Direct Revenue on New Member sign-ups!

Currently, the Direct Revenue pays out a 10% commission for revenue that you bring to the company and if your revenue for the month is \$150 or more we double your direct revenue commission to 20%.

In the Month of October if your new member revenue is \$150 or more, instead of just doubling we are going to **TRIPLE** your Direct Revenue Share Commissions. You end up earning a full 30% in commissions on the new member revenue you generated instead of just 10%!

For example:

\$100 in new member revenue = 10% Direct Revenue Share = \$10
\$150 in new member revenue = 30% Direct Revenue Share (**TRIPLE**) = \$45
\$600 in new member revenue = 30% Direct Revenue Share (**TRIPLE**) = \$180

Imagine getting just 6 new annual members **earns you \$1080** in direct commissions and you would earn a whopping **216 Matching Shares** for October! The income is going to add up fast in October!

These TRIPLE Bonuses are just for the month of October so start sharing [gibLink](#) with others today! Thousands of new members will join in the month of October – let's have some of them generate income for you!

Looking forward to an all time record income for you in October,

Team [gibLink](#)
